

The Macleod College Music Academy is one of Victoria's first music schools. It offers a very successful music program and has won numerous awards. We pride ourselves on being a close-knit community made up of talented and committed students, highly experienced teachers and supportive parents. Macleod College Music Academy provides a safe and caring environment where students are valued and encouraged to showcase their talents and creativity.

Macleod's status as an exceptional Music School allows us to employ some of Melbourne's best Music teachers that provide a high quality and best value for money program in the area. We highly recommend that all students in Year 7 take the opportunity to participate in the instrumental music program. This is a wonderful opportunity to enhance your child's learning experience through music performance. As part of a comprehensive instrumental program students will also be involved in targeted tutorial sessions during classroom music where they engage in theory and are offered the opportunity to try a range of instruments.
